PENS 2027 Call for Presentations

Pediatric Endocrinology Nursing Society

Submission Deadline: Friday, October 2, 2026 at 12:00 AM EDT

Status: Incomplete draft

0% COMPLETE

Instructions

The Pediatric Endocrinology Nursing Society (PENS) Conference Planning Committee welcomes submission of presentations on new, innovative, and practical approaches for a variety of pediatric endocrine disorders.

Topics of general interest to nurses, pharmacists, and other pediatric endocrine health care professionals are strongly encouraged. All proposals must be submitted by **Friday, October 2, 2026**. This is not the avenue for submitting abstracts for poster presentation. Abstracts are submitted through a separate Call for Abstracts.

You are invited to submit a proposal for presentation as a general, concurrent, or advanced practice nursing case studies for the 2027 PENS National Conference to be held **Monday, May 17 – Friday, May 21, 2027** at the The Peabody Memphis in Memphis, TN.

See email blast for suggested topics. The suggested topics list is generated from requests from previous conference attendees and the PENS membership, and is not meant to exclude topics that are not listed.

The Conference Planning Committee will carefully review each submission in October, and you will be notified in late November of your status for presenting at the 2027 PENS National Conference in Memphis, TN.

***Incomplete submissions will not be considered by the committee. Late submissions will not be considered. Authors are strongly encouraged to provide clear, descriptive, and meaningful objectives.*

Sponsorship or PENS membership is not required to submit a presentation proposal.

Contact info@pens.org with any questions.

Limit: 300 words | Word count: 0

Session Content & Objectives

For this section, state the objectives for your presentation and give a brief outline of the content for each objective. (maximum of 3 objectives). Each objective must be stated in measurable terms using an action verb (list, identify, describe, discuss, explain, etc.) that the learner will use to demonstrate information learned. The stated content must be different from the objectives.

Pharmalogical content may include insulin pumps, glucose monitors, etc. This can include: helping attendee learn the pharmacology of common medications, preparing attendee to select the proper pharmacotherapeutics based on a clinical presentation, and give attendee insights on incorporating evidence-based changes into practice. Learning objective should clearly reflect the educational activity that contains pharmacology content.

Objective 1

➔ **Objective 1** (required)

Each objective must be stated in measurable terms using an action verb (list, identify, describe, discuss, explain, etc.) that the learner will use to demonstrate information learned.

➔ **Objective 1 Content** (required)

The stated content must be different from the objectives.

➔ **Objective 1: Timeframe in minutes (please indicate how many of these minutes are advanced pharmacology)** (required)

Objective 2

➔ **Objective 2** (required)

Each objective must be stated in measurable terms using an action verb (list, identify, describe, discuss, explain, etc.) that the learner will use to demonstrate information learned.

➔ **Objective 2 Content** (required)

The stated content must be different from the objectives.

➔ **Objective 2: Timeframe in minutes (please indicate how many of these minutes are advanced pharmacology)** (required)

Objective 3

➔ **Objective 3** (required)

Each objective must be stated in measurable terms using an action verb (list, identify, describe, discuss, explain, etc.) that the learner will use to demonstrate information learned.

➔ **Objective 3 Content** (required)

The stated content must be different from the objectives.

➔ **Objective 3: Timeframe in minutes (please indicate how many of these minutes are advanced pharmacology)** (required)

➔ **Overall goal/purpose of this presentation:** (required)
